

**Certeis Keeps Calm and Sees**  
was a badly disguised "Man-  
to which Certeis and Daddy  
Mother Lorimer returned next  
Most of its windows were gone  
a rock had smashed the cupola  
its camouflaged telescope. I  
didn't see how Certeis could possi-  
get into communication with the  
boat again, except by hanging  
and the island on the chance that  
of the crew would land for ex-  
planations and instructions.  
Certeis was quite unlikely to run  
with danger.  
But he not realize, I wondered, that  
traver danger hung over him? Did  
not know that I would tell the  
the story to Daddy Lorimer as soon  
I could.  
I felt quite fit to cope with Certeis  
the fate of the U-boat elated me.  
was almost grieved that the men  
didn't start—doubtless they  
could come ashore in that collapsible  
boat and abandon the big craft.  
must warn Daddy Lorimer of this  
liability.  
Certeis was game when he beheld  
the wreck of his domicile. How he  
about his wrecked hopes I could  
guess.  
I went out to the car to greet  
Daddy Lorimer with a gay "I lose  
bet, you see," and a wave of his  
hand which included most of the ter-  
rify between the mountain and the  
Daddy Lorimer chuckled in his  
cal way—the one he always has

perfectly. He tied the tie, brushed  
hair, and smiled at himself. It  
was not the same young man who had  
looked in that glass for so many satis-  
fied years.  
"I'll show those girls yet!" I'll make  
sit up and take notice!"  
He had declined all invitations to  
parties and kept going to the movies to  
more "pointers."  
I to dance correctly was the next  
thing. He suddenly remembered  
Jaynes, who had been in New  
York studying music. She was help-  
ing out a small income by giving mus-  
ic lessons. Inez was a beautiful dan-  
cer. Perhaps she would teach him.  
She swore her to secrecy and worked  
diligently. When the time came for the  
big party, James escorted Inez there.  
You may be sure he did not lack  
partners, for besides being well dress-  
ed and good looking, he was the best  
dancer among the men.  
I danced many times with Inez  
with quiet self-possession guided  
through the crush.  
Inez looked happy.  
James danced with Margery and  
the. The wall flowers and the fat  
ladies were not forgotten either. Mar-  
gery said to Alice:  
"I must have been mistaken about  
you. I'm going to ask him to dis-  
cuss when my New York cousin comes."  
"I've asked him for Sunday night  
supper," said Alice.  
On the way home from the dance  
James looked down at the sweetly  
little woman at his side and said:  
"Inez, Mr. Witmer has made me as-  
tant cashier of the bank."  
Inez looked up alarmingly.  
"You have been so good to me, dear,"  
went on, "and I love you so—could  
you possibly marry such a  
little fellow?"  
"You're a great big, splendid prince,  
I love you!"  
After, when James was leaving, he  
said: "I'll come for you tomorrow  
night and we'll go to the movies!"

**REPENTS; THEN KISSES FLAG.**  
MOUNDSVILLE, W. Va., Oct. 18.—  
fore several hundred persons, Mike  
bert, a wealthy Syrian wholesale  
merchant here knelt and kissed the  
flag, and in the presence of a large  
audience, subscribed for a \$1,000 bond  
for the fourth issue, his atonement for  
having several days ago that he  
did not buy a Liberty bond if he  
was worth a million. His act was not  
unusual, after he had carried it out,  
that he was much relieved, and  
he now thoroughly understood the  
reason, he was sorry he had ever taken  
former stand.

**BELLANS FOR INDIGESTION**  
6 BELLANS Hot Water Sure Relief

Osgood's

## HERE'S A FINE FALL TONIC

Cleanses the System, Puts the Blood, Nerves, and Digestion in Shape.

### RELIEVES WINTER COUGHS AND COLDS.

Any man or woman troubled with a rundown system, stomach disorders, loss of weight, appetite, energy, can quickly regain his or her old-time vitality and stamina, racy cheeks and healthy appearance. A rundown, weakened condition of the system, is usually followed by frequent colds, chronic coughs, headaches, constipation, etc., which likewise may be relieved quickly enough.

Go to the drug store and procure a bottle of Hypo-Cod. It contains iron, malt extract, sherry wine, wild cherry bark and hypophosphates. The real secret of Hypo-Cod power lies in the wonderful manner in which cod-liver extracts have been freed of the disagreeable fishy taste, and blended with the above superb combination of body, nerve, blood and digestion builders. It does not upset the weakest stomach. Children crave it and it is equally good for young or old when taken according to directions. A bottle is sufficient for ten days' treatment, adults, children, twice as long, as it is taken in half doses. One bottle will demonstrate its efficiency.

Be sure to get the genuine Hypo-Cod bearing the name Earle Chemical Co. on the carton. All well-stocked druggists carry Hypo-Cod.

## PAINS AND ACES YIELD QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia, Lumbago, Sciatica or any of those aches that require a counter-irritant? Then let the soothing, warming application of Sloan's Liniment stop the pain by drawing the blood away from the congested part.

It is the pressure on the nerves by the blood rushing to the inflamed muscle or joint that makes you ache. So when Sloan's Liniment relieves the swollen blood vessels by setting up a counter-irritant on the surface, the circulation is equalized, sympathetic nerves all soothed, and soreness or lameness disappears.

Sloan's Liniment is probably the counter-irritant most widely used to overcome painful inflammation in cases of neuralgia, sore muscles, wrenched joints, strains, bruises, gout. Rubbing is not required. This clear, clean liquid is easily applied as it does not stain the skin.

Generous size bottles at your druggists.

## SPANISH INFLUENZA--A NEW NAME FOR AN OLD FAMILIAR DISEASE

Simply the Same Old Grip That Has Swept Over the World Time and Again. The Last Epidemic in the United States Was in 1889-90.

In Addition, VapoRub is Absorbed Through and Stimulates the Skin. Attracting the Blood to the Surface and Thus Aids in Reducing the Congestion Within.

CALL A PHYSICIAN--GO TO BED--STAY QUIET--DON'T WORRY.

There is no Occasion for Panic--Influenza Itself Has a Very Low Percentage of Fatalities. Not Over One Death out of Every Four Hundred Cases, According to the N. C. Board of Health. The Chief Danger Lies in Complications Arising, Attacking Principally Patients in a Run Down Condition--Those Who Don't go to Bed Soon Enough, or Those Who Get Up too Early.

Spanish influenza which appeared in Spain in May has all the appearance of grip or la gripe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B.C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, his country has had five epidemics, the last in 1889-90.

**THE SYMPTOMS.**  
Grippe, or influenza as it is now called usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages--nose, throat and bronchial tubes--there is usually a hard cough especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

**THE TREATMENT.**  
Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others--take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, aspirin, or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza--the disease must run its course, but nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing and sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns--stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong stay in bed four days or more.

according to the severity of the attack.

**EXTERNAL APPLICATIONS.**  
In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm, and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface and thus aids in relieving the congestion within.

**HOW TO AVOID THE DISEASE.**  
Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through cough, sneezing or spitting. So avoid persons having colds--which means avoiding crowds--common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food. Above all, keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea kettle. Fill half full of boiling water, put in half a teaspoonful of VapoRub from time to time--keep the kettle just slowly boiling, and inhale the steam arising.

**NOTE:** Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine in salve form Menthol and Camphor with such essential oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York and New England and a few western states, where it is just now being introduced. In other sections of the country, however, it is the standard home remedy in over a million homes for all forms of cold troubles--more than six million jars were sold last year.

It is particularly recommended for children's croup or colds, since it is externally applied and, therefore, can be used as freely as desired without the slightest harmful effects. VapoRub can be had in three sizes, 30c, 60c, \$1.20, at all druggists.

## DOINGS OF THE DUFFS--(OLIVIA'S JEWELRY IS ALL IN HER HEAD)--BY ALLMAN.
